

Construction of upgrades and improvements to Asbury and Longview Pump Stations, Ocean Township, NJ at a cost of \$1,300,000 were financed by the New Jersey Water Bank (NJWB). The NJWB is a State Revolving Fund program jointly administered by the New Jersey Department of Environmental Protection (DEP) and the New Jersey Infrastructure Bank (NJIB) and uses a combination of funds provided by the United States Environmental Protection Agency, the DEP, and the NJIB to provide very low interest loans to borrowers for environmental infrastructure projects.

This project will provide water quality benefits to include the continued and efficient operations of the Township of Ocean Sewerage Authority Sanitary Sewer Collection System for residents and businesses in the Township of Ocean, Monmouth County, New Jersey.

State Revolving Fund programs around the nation provide states and communities the resources necessary to maintain and improve the infrastructure protecting our valuable water resources nationwide.
